Problem Solving
Teamwork
Communication

Achievements

FALL-25 TAKE-OFF COMPETITION - DIU

1st Place - Preliminary Round

FALL-25 TAKE-OFF COMPETITION - DIU

16th Place - Final Round

Projects

DIGITAL AMMETER PROJECT

Electric Circuits Course - Spring-2026

LEADERSHIP

School Student Cabinet Member
2016 - 2021
Aftab Uddin School and College

Profile

Motivated and detail-oriented Computer Science and Engineering student at Daffodil International University. Passionate about software development, problem-solving, and building practical engineering solutions. Eager to apply technical skills in real-world projects and contribute meaningfully to innovative teams. Strong academic background with a commitment to continuous learning and professional growth.

Education

May 2025 - Present

Daffodil International University BSc in Computer Science & Engineering

Pursuing a Bachelor of Science in Computer Science and Engineering. Engaged in coursework covering programming, data structures, algorithms, and engineering fundamentals. Actively participating in university competitions and project-based learning to build practical technical skills.

2022 - 2023

Birshresthra Munshi Abdur Rouf Public College Higher Secondary Certificate (HSC) - Science

Completed Higher Secondary Certificate in the Science. Achieved a GPA of 4.67, demonstrating strong academic performance across core science subjects including Physics, Chemistry, Mathematics, and Biology. Developed a solid foundation for pursuing higher education in engineering.

2019 - 2021

Aftab Uddin School and College Secondary School Certificate (SSC) - Science

Completed Secondary School Certificate in the Science stream with a perfect GPA of 5.00. Demonstrated exceptional academic excellence and strong analytical skills. Served as a School Student Cabinet Member, showcasing leadership and organizational abilities throughout secondary school.
